Description

- Easy clean polymarble top
- White gloss painted finish, moisture resistant (MR) MDF
- Conceals existing plumbing
- Includes plug and waste
- One tap hole for mixer tap

The 600mm wide Function vanity is ideal for bathrooms where space is limited, with its compact depth of just 370mm. With generous basin capacity and storage with two doors, its full height allows existing floor plumbing to be easily concealed.

Clean lines and classic locks ensure it will suit a range of bathrooms - from traditional to modern. The exterior is white gloss polyurethane with an easy-care polymarble top with integrated basin.
